POLICY

PRACTICE POLICY INTRODUCTION

DEN 003

DENTAL PRACTICE POLICY

The purpose of this policy is to establish guidelines for the prioritizing of services offered at Bullhook Community Health Center Dental Clinic and to give basic guidelines for the delivery of those services.

Services provided at BCHC Dental Clinic will be prioritized according to the observed needs of the community and in accordance with established Federal Program guidelines. It is the policy of the dental clinic to provide as comprehensive a scope of services as possible to the populations we serve and to deliver those services in accordance with BCHC policy and procedures as well as its values and mission statements.

Prioritization of services and guidelines for delivery of services will take into account:

- Local community needs.
- BCHC capacity.
- Federal and Regional policies and mandates.
- Financial policy and fiscal concerns.
- Provider training and skill level.
- Liability issues.
- Availability of resources.
- Individual patient needs and compliance
