POLICY AND PROCEDURE

MEDICAL EMERGENCIES

DEN 016

Each clinic shall have and maintain an appropriate emergency drug kit and oxygen delivery system for the treatment of medical emergencies in the dental clinic.

The dentist and staff should review the procedures for handling medical emergencies, utilization of the drug kit and oxygen delivery system at least once a year. Each new employee shall receive training in procedures for handling medical emergencies within one month of hire.

In accordance with BCHC policy, all dental personnel will maintain CPR certification.

Medical providers in each clinic should be utilized as needed for appropriate consultation on medical complications and questions.
