POLICY

LEVEL IV DENTAL SERVICES

DEN 040

REHABILITATIVE SERVICES (OPTIONAL)

Rehabilitative services include high quality reasonably priced solutions which replace missing teeth. These services include the fabrication of removable partial dentures, full dentures and single or multiple unit fixed prosthetics. Also included are elective oral surgery, orthodontics and other specialty services

CAST RESTORATIVE

02510-02810 includes cast inlays and crowns of base metals, low noble metals and high noble metals. It also includes Porcelain fused to metal crowns. Encourages the use of the least expensive material which will not significantly compromise the life of the restoration. Base metal, therefore, is recommended for most restorations. Due to the high cost of providing laboratory fabricated restorations, patients will be expected to share costs to a greater extent than in restorations not requiring costly laboratory procedures.
