## POLICY AND PROCEDURE

### MEDICAL MARIJUANA

ADD002

Bullhook Community Health Center will refer clients who have Medical Marijuana cards to their attending physician for further treatment. Because of legal issues surrounding Medical Marijuana and difficulty determining abuse and misuse without a standard dosage, cannabis will be regarded as a prescribed medication during the course of treatment, and If it is determined during the evaluation process that the client has a Substance Use Disorder, other than that of cannabis, the client will be referred to the appropriate level of care established in the most current revised edition of the American Society of Addiction Medicine, Patient Placement Criteria.
